

# *Sanctity of Human Life Sunday*

*It is with great joy and gratitude for God's provision that our hearts are turned to the honoring of this day, January 21st, 2024 in remembrance of the sanctity of human life. We honor women today for the incredible creation our gracious God made them to be. Uniquely created to bring forth life and co-create with him in the most spectacular display of divinity and order. We honor women who uniquely possess the womb, where body, soul and spirit are instantly merged together at the moment of conception. What a gift, what an honor! Thank you ladies.*

*Additionally we honor men for their unique role in God's creation equation. Our God commands a different and equally important responsibility for men. Sacrifice, strength and courageous holy living to raise up children who honor and love their creator, family and community. Thank you men.*

*Together, God, women and men in providential order procreate humanity, **absolutely amazing!***

***Abel Pregnancy Resource Center** stands ready to be a place of hope, safety, love, confidentiality and medically accurate information for men and women who encounter an unplanned and/or unwanted pregnancy. We exist to listen to the concerns of clients who may have no other place to turn for various reasons. We know knowledge of the truth, according to the word of God and practical material and educational help sheds new life saving light on difficult scenarios. Today we invite you to join us in prayer for the sanctity of human life in our nation and around the world.*

*May God richly bless you and shine the light of Jesus on you, amen.*
